Principles of Donor Intent and Basic Gift Agreements

What does donor intent mean to you? Join us for a lively interactive discussion on the importance of donor intent along with the development of donor agreements. Our speaker, Susie Brown, will share some sample agreements and thoughts on what to include and what NOT to include.

Susie has over a decade of experience in gift administration and specializes in gift acceptance and documentation, and donor stewardship. Her professional experience started at the University of Illinois Foundation and continues at OSF Healthcare Foundation.

Opened in 2012, the Peoria Riverfront Museum is the collaborative effort of eight local organizations, city and county governments and major corporate sponsorship by Peoria-headquartered Caterpillar, the world’s largest manufacturer of construction equipment. These entities worked tirelessly for over a decade to bring to life a unique asset for Central Illinois. This 85,000 square-foot multiple-mission, interdisciplinary museum has flexible learning spaces that bring together art, history, science, technology and human achievement. The architectural characteristics reflect the museum’s Delta strategy for creating integrated, innovative programs and exhibits.

We seek an accomplished leader whose entrepreneurial vision and proven ability to inspire others has resulted in the organization’s success in reaching organizational excellence and sustainability. Experience working in an organization that values strong public-private partnerships and a high level of community philanthropy and engagement is expected. We seek a person with a record of achievement in successful fundraising that has resulted in major individual gifts, foundation grants, corporate sponsorships and other sources of philanthropic support. This person must eagerly and enthusiastically assume the role of the public face of the museum by actively reaching out to multiple stakeholders and diverse audiences on an ongoing basis.

Knowledge and experience gained from working in cultural, destination or entertainment venues is highly desired as is the establishment of a customer-centric business model that results in a superior visitor experience. A master’s degree from an accredited college or university is preferred and at least 6 years of management experience is required. Evidence of continuing education in museum management, general business, finance, marketing or related disciplines would be expected.

Applications and nominations are being received by Kittleman & Associates, LLC. To apply, please visit http://www.kittlemansearch.com/peoria-riverfront-museum-president-ceo/
